

We are now using Hopping In!

Let us know when your child will be absent online and you could get some money back!

We can easily keep track of absences, but you get extra perks too!

You can:

- Let us know of an absence easily online anytime. No more need to call first thing in the morning
- Sign up for an extra day when a vacancy opens up
- If a day you want is full, join the waitlist and get notified when a spot opens up
- When someone signs up for a vacancy you created, you get some money back!
